## Professional Certifications and Training

---

### Data Analytics & Visualization

University of Central Florida

## Data Science Projects

---

### Dashboard • <https://ramarh1.github.io/Belly-Button-Dashboard/>

*Developer/Analyst*

Dashboard made with JavaScript, HTML, CSS, and Plotly that represents bacterial data from participants in a research study in 3 different formats.

### SQLAlchemy Data Extraction • [https://github.com/ramarh1/surfs\\_up](https://github.com/ramarh1/surfs_up)

*Data Analyst*

Used Python, Pandas functions and methods, and SQLAlchemy database to filter and successfully extract data from database file to calculate statistics.

### Movies ETL • <https://github.com/ramarh1/Movies-ETL>

*Data Analyst*

Created a function that takes in a Wikipedia file, Kaggle metadata, and MovieLens rating data, then performed the ETL and added the clean data to a PostgreSQL database.

## Professional Experience

---

### Consilio Services •

July 2021–Present

*Data Entry Specialist*

- Entered customer and account data from source documents within a timely manner

- Compiled, verified accuracy and sorting information to prepare source data for computer entry
